**ORDINANCE NUMBER 2010-1759**

**AN ORDINANCE GRANTING CONSENT AND FRANCHISE  
TO THE LIMESTONE COUNTY WATER AND SEWER AUTHORITY  
WITH RESPECT TO FORCE MAIN SEWAGE TRANSMISSION LINES ALONG CERTAIN  
PUBLIC RIGHTS OF WAY IN THE CITY OF ATHENS, ALABAMA**

**BE IT ORDAINED**, by the City Council of the City of Athens, Alabama, as follows:

Section 1. In consideration of the benefits to accrue to the City of Athens, Alabama (the "City"), the Limestone County Water and Sewer Authority (the "LCWSA") is hereby given, granted and vested with the consent and franchise hereinafter set forth. This Ordinance is made in accordance with Section 220 of the *Constitution of Alabama of 1901*, and § 11-49-1 of the *Code of Alabama*.

Section 2. The LCWSA is hereby granted the non-exclusive consent and franchise to construct, own, maintain, and operate certain force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto) along certain public rights of way within the corporate limits of the City, described as follows:

commencing at the west margin of Sommers Road at the corporate limits, and proceeding northerly along the west margin of Sommers Road (as such portions are located within the corporate limits) until its intersection with Moyers Road; then proceeding westerly along the south margin of Moyers Road (as such portions are located within the corporate limits) until its intersection with Hine Street; then proceeding northerly on the west margin of Hine Street until its intersection with Roy Long Road; then proceeding easterly along the south margin of Roy Long Road until its intersection with the railroad right of way, which is the terminus point; at such terminus point, or within fifty (50) feet east of such point, proceeding under Roy Long Road to its northern margin.

(described hereafter as the "Franchise Area") (A more specific depiction of the area involved is on file in the Public Works Department of the City of Athens.) This non-exclusive consent and franchise is granted for and limited to the purpose of the transmission of sewage for appropriate treatment by City of Athens Water Services, as specified and subject to any and all limitations in a separate agreement and/or understanding between the City and LCWSA regarding such purpose, such sewage being transmitted from areas outside the orange [dash] boundary line shown on the Service Area Map, attached as Exhibit A to the Consent Judgment in the case of *Limestone County Water and Sewer Authority v. City of Athens*, CV No. 06-23, in the Circuit Court of Limestone County and on file with its Circuit Court Clerk. The consent of the City, acting through the Mayor and City Council, is hereby given to the LCWSA to utilize the Franchise Area for the limited purposes referred to herein and pursuant to the terms set forth herein.

Section 3. This Ordinance shall not be construed as granting any additional right,

franchise, or license other than as specifically prescribed in this Ordinance, and as with respect to the location of the force main sewage transmission lines in the Franchise Area. This Ordinance shall not be construed as modifying or amending any part of the Consent Judgment or Settlement Agreement entered into in connection with the case of *Limestone County Water and Sewer Authority v. City of Athens*, CV No. 06-23, in the Circuit Court of Limestone County. This Ordinance is a grant of the City's consent and franchise as specified, including the City's authorization and license for LCWSA to locate its force main sewage transmission lines as specified herein to the extent that the City is empowered to do so, but notwithstanding anything herein to the contrary, this Ordinance expressly does not include any warranty or representation of title whatsoever by the City to the LCWSA with respect to City's and/or LCWSA's property right(s) to locate, construct or maintain facilities in any particular area, as the ascertainment of such property right(s) are left to be determined by the LCWSA to its satisfaction. This Ordinance shall not be construed as allowing or permitting LCWSA's transmission of sewage to the City, or as setting forth the terms of any such transmission or related treatment. (At the time of this Ordinance, the terms of such transmission and treatment are governed by a separate agreement and/or understanding between the City and LCWSA, as such agreement and/or understanding now exists or may hereafter be amended or put into place.)

Section 4. The said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto) shall be laid, set, maintained, and/or constructed so as not to interfere with the proper use of the streets, alleys, avenues, ways, bridges, viaducts, underpasses, and public places in the City, as determined in the sole discretion of the City. The said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto) shall also be maintained by LCWSA in reasonably good condition and repair, as determined in the sole discretion of the City. The LCWSA shall abide by all municipal codes, policies, standards, ordinances, and laws of the City, as they now exist or are hereafter enacted with respect to the use of public rights of way and/or the matters that are the subject of this Ordinance.

Section 5. LCWSA shall relocate the said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto), at its own expense, to the extent necessary for the expansion or modification of any roadway(s) and/or City facilities, including any and all municipal utility facilities, lines, and/or structures. The City shall provide notice to the LCWSA not less than 90 days prior to the required relocation. In such event, the LCWSA may only relocate to an area that is approved in advance by the City.

Section 6. LCWSA shall pay any and all charges and fees owed to the City of Athens at or prior to the time such are due (including but not limited to sewer charges/fees issued by Athens Water Services).

Section 7. Whenever the LCWSA shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges, viaducts, underpasses, or public places of the City for the purpose of laying, setting, maintaining, operating, or repairing said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto), the work shall be completed within a reasonable time and the LCWSA shall, upon the completion of such work, restore such portion of the streets, avenues, alleys, ways, bridges, viaducts, underpasses, or public places to as good a condition as it was before said opening or alteration was made.

Section 8. The LCWSA shall indemnify and hold the City, its officers, agents, and employees, harmless from any and all liability or damages resulting from any act of the LCWSA (or any of its employees, contractors, or agents) in the construction, maintenance, repair, or operation of the force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto).

Section 9. Absent gross negligence or willful misconduct, neither the City nor its officers, employees, agents, attorneys, consultants, or independent contractors shall have any liability to the LCWSA or any affiliated person for any liability as a result of or in connection with the

protection, breaking through, movement, removal, alteration or relocation of any part of the said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto) by or on behalf of the LCWSA or the City in connection with any emergency, public work, public improvement, alteration of any municipal structure, or change in the grade, line or layout of any street or right-of-way, or the elimination, discontinuation and closing of any street.

Section 10. This franchise may be forfeited, at the option of the City, upon failure or refusal by LCWSA to observe any of the terms and conditions set forth herein. Forfeiture may be exercised by written notice to LCWSA of its failure to observe the terms and conditions of this Ordinance.

Section 11. The duration of this franchise shall be until June 7, 2040, or until terminated by the City for any reason upon ninety (90) days written notice to the LCWSA, whichever occurs first.

Section 12. Upon the forfeiture or termination of this franchise, the City, in addition to any other rights, may require LCWSA to remove, at LCWSA's sole cost and expense, all or any portion of said force main sewage transmission lines (including all related conduits, appliances, conductors, fixtures, and other appurtenances thereto) and to restore the streets and property in as good a condition as that prevailing immediately prior to the removal, and without altering or disturbing in any way any electric, telephone, or other utility cables, wires or attachments, lines, pipes, structures or equipment.

Section 13. This Ordinance shall be published in accordance with the applicable provision of Ala. Code § 11-45-8 (1975). Such publication shall be done by the City Clerk of the City, and thereafter the City Clerk shall enter upon the minutes of the City, immediately after the place where this Ordinance is recorded, a certificate setting forth that such Ordinance was published in accordance with the terms hereof and the laws of the State of Alabama. The expense of such publication shall be paid by the LCWSA.

Section 14. If any part, section or subdivision of this Ordinance shall be held unconstitutional or otherwise invalid for any reason, such holding shall not be construed to invalidate or impair the remainder of this Ordinance, which shall continue in full force and effect notwithstanding such holding.

Section 15. The LCWSA shall file a written acceptance of the terms of this Ordinance within sixty (60) days of the date of this Ordinance in the form of a resolution of the LCWSA Board of Directors authorizing such acceptance. Upon filing of the same with the City Clerk, this Ordinance shall constitute a contract between the City and the LCWSA.

ADOPTED and APPROVED this, the 7<sup>th</sup> day of June, 2010.
